				Hospital	LU Clinics	DN	PN	NH	TVN			
Alignate	Activheal - Alignate/ Alignate rope for Cavity	5 x 5cm	£0.56	✓	✓	✓	✓	✓	✓	Suitable for wide range of wound types particularly those with moderate to heavy volumes of exudate. These dressings are not suitable for use on dry wounds. Cavity wounds should not be over-packed as the fibres swell and can lead to tissue ischaemia. Cut sheets to the size of the wound to avoid maceration and excoriation of the surrounding skin, as any exudate will transfer laterally.	<ul style="list-style-type: none"> <li>• Cut sheets to size of the wound to avoid maceration of the surrounding skin</li> <li>• Requires a secondary dressing</li> </ul>	ELS139
