

To all GP Colleagues;

Implementation of Geriatric Services at St George's Health and Wellbeing Hub

St Georges Health and Wellbeing Hub is a modern purpose-built facility on the former St George's Hospital site in Suttons Lane, Hornchurch.

It will provide a range of health and wellbeing services in a single location which will include;

- a GP practice
- community diagnostics
- the Ageing Well Centre (frailty)
- mental health services
- renal dialysis
- a range of BHRUT clinics
- community and social care services

The Geriatric service will be offering two new services as part of the Ageing Well Centre.

These services will be Directly Bookable Services (DBS) on e-RS, with the option to request A&G as well.

As of Monday 18th November, the following services will be available to refer into:

- **Geriatric - Comprehensive Assessment Falls Clinic -Ageing Well Centre - St Georges H&WH - RF4- BHRUT**
Service ID: 7999458
- **Geriatric- General Comprehensive Assessment Clinic- Ageing Well Centre -St Georges H&WH- RF4 - BHRUT**
Service ID: 7999459

Please note:

The following services will remain at King George Hospital:

Geriatric Medicine 65 years and above only - King George Hospital RF4 – BHRUT

Geriatric Medicine - Memory Clinic- King George Hospital RF4 – BHRUT

From 18th November 2024 the following services will no longer be available so please do refer to the new clinics, in the new locations, as above.

- ✗ Healthcare O/A - Falls & Frailty Clinic - King George Hospital RF4 – BHRUT – ID 7946991
- ✗ Geriatric Medicine - 65 years & Above - Queen's Hospital RF4 – BHRUT - 7931607
