

## **Respiratory Liaison Nurse**

### **Introduction:**

- Available to all children/ young people registered with a City & Hackney GP or who live in the borough of City & Hackney.
- Main focus is around education and support of families to self-manage condition at home; reducing paediatric A+E attendances and acute admissions to hospital.
- I work in partnership with secondary and tertiary hospital staff, GPs, health visitors and school nurses as a link between acute and community care.

### **Referral Criteria:**

At present; there are no strict referral criteria. If you feel that the child/young person would benefit from some further education/ more support to enable them to manage their asthma at home I am happy to see them.

### **How to refer:**

Email: [g.parish@nhs.net](mailto:g.parish@nhs.net)

Please include: Full demographic details including GP, any medications the patient is on, a copy of the current asthma action plan and the reason for referral.

For any questions about referral or the service please contact: Gemma Parish on 0208 510 7447/ 07341 778 453. Available Mon, Tue, Thurs 08.00-18.00 and Fri 08.00 - 17.30pm
