

Do you have early stage chronic kidney disease (CKD)?

Join our free online information event and get to know your kidneys!

CKD stages 1-3 explained

Healthcare and patient speakers

How to help maintain kidney health

Hosted by Kidney Care UK and the London Kidney Network, our online event will share information about early CKD (stages 1-3) and advise on the best way to manage your condition with support from your GP.

These are live group events and will not be recorded.
