Enhance webinar 5

Webinar 5: Creating low carbon neighbourhoods

Tuesday 29th April 1 – 2pm

Your Neighbourhood, Your Future: Be Part of the Conversation

For more information visit the [NEL Health Equity Academy Enhance](#) page

enhance

Are you passionate about making a difference to the environment? Then join us for the next webinar in the NEL Enhance programme to discover how to take responsibility for adopting and promoting sustainable practices at both individual and system levels. Learn about the interdependence of planetary and human health and become an advocate for action on key environmental issues.

We are joined by a panel from across health and local authority: Dr Amit Sharma, Rebecca Waters, Dr Cat Gaynor, Patrick Vickers and Madeleine Maxwell.

Our expert speakers will cover:

- Using the Green Impact for Health toolkit for a greener NHS
- Resources available to help you minimise waste and reducing harmful environmental impacts while maximising positive health outcomes
- Examples of nature-based interventions
- How medicines optimisation and deprescribing contributes to a Greener NHS
- Digital Inclusion

Don't miss this opportunity to be part of the change! Register now and join us in making a positive impact on sustainable practices and the environment.
