

On behalf of the London Respiratory Clinical Network, Dr Ernie Wong, Respiratory Consultant, has set up a new series of four asthma webinars for 2025. Dr Wong will lead the online sessions with guest speakers who will present on specific topics in the management of patients with asthma. There is one webinar in the series remaining:

**Date:** 11 November 2025

**Time:** 1:00-2:00pm.

## Webinar 4

**11 November**

**Ideal for:** Primary care clinicians

**Topics:**

- Management of Asthma in primary care
- Case studies on diagnosis, management of new and existing patients
- AIR vs MART vs regular ICS

**Speakers:**

Dr Paul Pfeffer, Consultant Respiratory Physician, Barts Health NHS Trust

Dr Ellie Worthington, GP, North West London Primary Care Clinical Lead for Respiratory and Post-COVID medicine

**To attend**, click [Register 11 November](#)

### Previous 3 Webinars in the Series

**1 – *BTS guideline update (SABA free) / biologics therapy***

**2 – *Medicines optimisation / perform adherence review / referrals***

**3 – *Severe to difficult asthma to treat / biologics***
