---	---	---	--

Funded by the London ICBs

Enhanced Occupational Health assessment
To be carried out, with their consent, on referral from the NHS England Medical Directorate, performer’s appraiser, performer’s GP or self-referral. Advice and report in respect of performer list practitioners in relation to their duties or to support their health, safety and wellbeing.

Virology testing, vaccination for BBV and immunisation
For performers on the NPL who are not already immunised. To include Hepatitis B, Varicella, Tuberculosis (BCG), Diphtheria, Pertussis and Tetanus, Measles Mumps and Rubella.

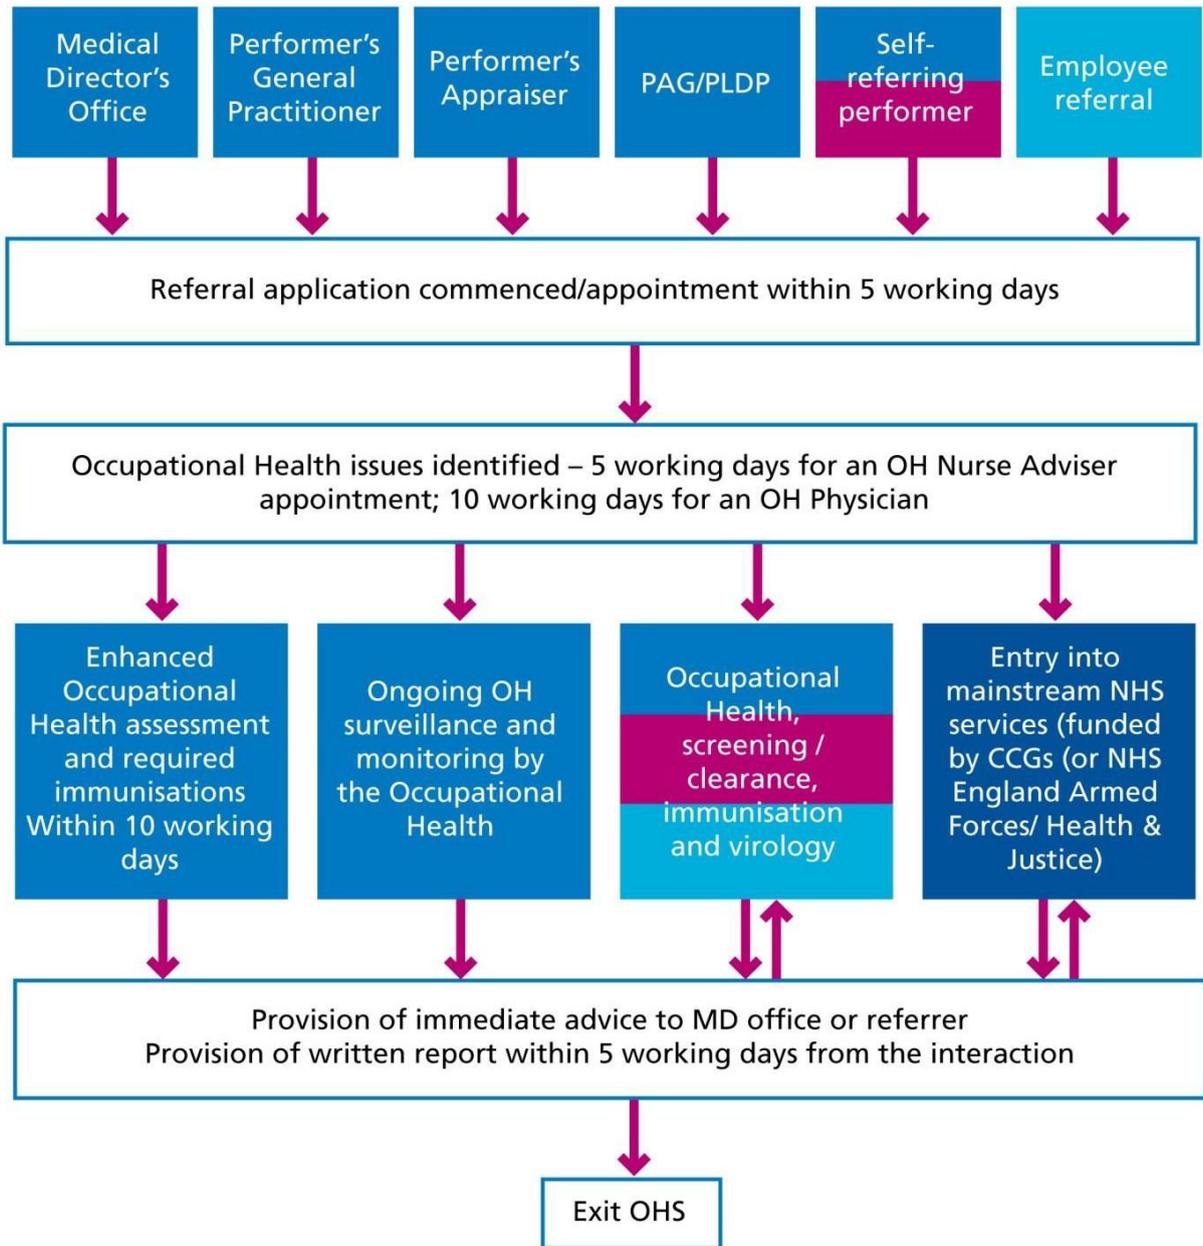

Management of staff on exposure to and working with blood borne viruses

a) Specialist tier for the management of those performers who have a blood borne virus (BBV).
If a performer/HCW has a BBV, that requires a referral to a specialist tier of OHS, NHS England regional team Medical Directorate will be informed in advance of the cost of this service recognising the need to protect the confidentiality of the individual concerned.

b) Urgent and longer term advice to all staff working in primary care settings (including trainees) on exposure to potential blood borne viruses (e.g. through contact via needle stick injuries or contact with mucus membranes) as required.
