

Heart Failure Awareness Week Webinar

Implementing NICE Heart Failure Guidance and the New HF QOF Metric (HF009) in Primary Care

- **NICE HF roadmap** — simple steps for putting guidance into practice
- **NT-proBNP made easy** — when to test, what results mean, and how to support timely diagnosis
- **HF medications** — practical tips for delivering the four pillars and the new HF QOF metric (HF009)
- **HF care closer to home** — how primary care, community nursing, and specialist teams can work together
- **Real-world examples from across London** — practical tips and tools you can use straight away

Chaired by

Dr Christopher Primus
Dr Baldeep Sidhu

Hosted by:

**North and South London Cardiac
Operational Delivery Networks**

Virtual webinar |  6 May 2026 | 12.30pm– 1.30pm
