Equalities and health inequalities statement

"Promoting equality and addressing health inequalities are at the heart of NHS England's values. Throughout the development of the policies and processes cited in this document, we have:

- given due regard to the need to eliminate discrimination, harassment and victimisation, to advance equality of opportunity, and to foster good relations between people who share a relevant protected characteristic (as cited under the Equality Act 2010) and those who do not share it;
- given regard to the need to reduce inequalities between patients in access to, and outcomes from, healthcare services and in securing that services are provided in an integrated way where this might reduce health inequalities."

3.2

3.2.1 The Contractor must take steps to ensure that all of the following means of contacting the Practice are available for Patients throughout Core Hours:

3.2.1.1 by attending the Contractor's Practice Premises;

3.2.1.2 by telephone; and

3.2.1.3 through the Practice's Online Consultation Tool within the meaning given in clause 32.20L.2.

3.2.1A The Contractor must take steps to ensure that a Patient who contacts the Contractor through:

3.2.1A.1 any of the means listed in sub-clauses 3.2.1.1 to 3.2.1.3; or

3.2.1A.2 a relevant Electronic Communication Method within the meaning given in clause 32.20M.3.

is provided with an appropriate response in accordance with sub-clauses 3.2.2, 3.2.3 and 3.2.4.

3.2.2 Subject to sub-clause 3.2.2A, the appropriate response is that the Contractor must:

- 3.2.2.2 provide appropriate advice or care to the Patient by another method;
- 3.2.2.3 invite the Patient to make use of, or direct the Patient towards, appropriate services which are available to the Patient, including services which the Patient may access themselves; or
- 3.2.2.4 communicate with the Patient:
 - 3.2.2.4.1 to request further information; or

- 3.2.2A The Contractor must not ask a Patient to contact the practice on another day.
- 3.2.3 For matters which the Contractor has identified as clinically urgent, the appropriate response must be provided:
 - 3.2.3.1 if the contact is made outside Core Hours, during the following Core Hours;
 - 3.2.3.2 in any other case, during the day on which the Core Hours fall.
- 3.2.3A For matters which the Contractor has identified as not clinically urgent, the appropriate response must be provided before the end of the next working day after contact.
- 3.2.4 The appropriate response must take into account:
 - 3.2.4.1 the needs of the Patient, including the need to avoid jeopardising the Patient's health;

3.2.4.2 where appropriate, the preferences of the Patient; and

3.2.4.3 any benefits to the Patient of providing for continuity of the Health Care Professional involved in their care and treatment.

3.3 In the case of a Patient whose medical condition is such that, in the reasonable opinion of the Contractor, the provision of Services in Core Hours is needed and it would be inappropriate for the Patient to attend the Practice Premises during Core Hours, the Contractor shall provide Services to that Patient at whichever is appropriate of the following places:

3.3.1 the place recorded in the Patient's medical records as being his last home address;

3.3.2 such other place as the Contractor has informed the Patient and the Commissioner is the place where it has agreed to visit and treat the Patient;

3.3.3 some other place in the Patient Registration Area.

3.4 Nothing in this Clause 3 prevents the Contractor from:

3.4.1 arranging for the referral of a Patient without first seeing the Patient, in a case where the medical condition of that Patient makes that course of action appropriate; or

3.4.2 visiting the Patient in circumstances where this Clause 3 does not place it under an obligation to do so.

3.5 Where the Contractor provides Out of Hours Services under this Contract, (as set out in Schedule 2), the Contractor will (to the extent that they are relevant to the provision of the Services):

3.5.1 meet the quality requirements set out in the Integrated Urgent Care Key Performance Indicators published on 25th June 2018 (or any subsequent successor publication);

3.5.2 comply with any requests for information which it receives from or on behalf of the Commissioner about the provision by the Contractor of Out of Hours Services to its Registered Patients in such manner, and before the end of such period, as is specified in the request.

3.6 Where the Contractor proposes to provide Private Services in addition to Primary Medical Services to persons other than its Patients, the provision of such Private Services must take place:

3.6.1 outside of the hours the Contractor has agreed to provide Primary Medical Services; and

3.6.2 on no part of any Practice Premises in respect of which the Commissioner has agreed with the Contractor to make payments in relation to the costs of those Practice Premises, save where the Private Services are those specified in Clauses 49.5B.1 and 49.5B.2.

3.7 Where the Contractor proposes to provide Private Services in addition to Primary Medical Services to persons other than its Patients, the provision of such Private Services must take place:

3.7.1 outside of the hours the Contractor has agreed to provide Primary Medical Services; and

3.7.2 on no part of any Practice Premises in respect of which the Commissioner has agreed with the Contractor to make payments in relation to the costs of those Practice Premises, save where the Private Services are those specified in Clauses 49.5B.1 and 49.5B.2.

3.8.2 The requirements referred to in clause 3.8.1 are that:

3.8.2.1 the service is provided from an appropriate location;

3.8.2.2 the service is provided through an appropriate digital or telecommunications method; and

3.8.2.3 the service is appropriate for provision outside of Practice Premises.

3.8.3 For the purposes of clause 3.8.2.1, a location is not appropriate if:

3.8.3.1 the location or its environment is not conducive to ensuring the confidentiality of Patient information, in connection with the service to be provided from that location; or

3.8.3.2 the location or its environment is not conducive to ensuring appropriate provision of the service from that location.

3.8.4 For the purposes of clause 3.8.2.2, a digital or telecommunications method is appropriate if it meets:

3.8.4.1 the requirements in the GPIT Operating Model relevant to that method, including any requirements as to software; or

3.8.4.2 requirements which are equivalent in their effect to the relevant requirements in the GPIT Operating Model.

3.8.5 For the purposes of clause 3.8.2.3, the service is not appropriate for provision outside of Practice Premises if:

3.8.5.1 it would not be clinically appropriate for the Patient on that occasion; or

3.8.5.2 it is otherwise not appropriate to the needs or circumstances of the Patient.

3.8.6 For the purposes of clause 3.8.3.1, “Patient information” means information which relates to the physical or mental health or condition of a Patient, to the diagnosis of their condition, to their care and treatment, or information which is to any extent derived, directly or indirectly, from such information.

prescription item (including bagging and the application of dispensing labels) with a view to the supply of that prescription item in accordance with a prescription, an **SSP**, a **LPIV**, a **PTP** or a **PTPGD**.

- (3) A **dispensing doctor** (and by extension a provider of primary medical services as mentioned in regulation 47(2)(b) of the *Pharmaceutical Regulations*) must not sub-contract the performance of any of its core dispensing functions, but this does not apply to:
 - (a) a contract for services between the **dispensing doctor** and a health care professional (for example, a locum), or a provider of locums, for performance by that professional, or by locums provided by that provider of locums, personally of core dispensing functions at the **dispensing doctor**'s listed dispensing premises; or
 - (b) the performance of any of the **dispensing doctor**'s core dispensing functions under valid hub and spoke arrangements.
- (4) For the purposes of this paragraph and paragraphs 15ZB and 15ZC, "hub and spoke arrangements" are arrangements between the **dispensing doctor** and a retail pharmacy business:
 - (a) are for the purpose of the retail pharmacy business supporting the **dispensing doctor** with regard to the fulfilment of orders:
 - (i) submitted to the **dispensing doctor** on prescription forms or **LPIVs**, or
 - (ii) for the provision of prescription items by the **dispensing doctor** in accordance with **PTPs** or **PTPGDs**; and

- (5) For the hub and spoke arrangements to be valid for the purposes of this paragraph and paragraphs 15ZB and 15ZC, any prior notification that the **dispensing doctor** is required to give to NHS England or an ICB before the commencement of arrangements by virtue of which the **dispensing**

- (6) For the hub and spoke arrangements to be valid for purposes of this paragraph and paragraphs 15ZB and 15ZC, if the **dispensing doctor** is not otherwise (apart from by virtue of this sub-paragraph) required to give prior notification to NHS England or an ICB before the commencement of the sub-contracting of clinical services such as core dispensing functions:
- (a) it must give that prior notice in the case of hub and spoke arrangements, and in a manner that puts NHS England or an ICB for its location on reasonable notice of the commencement of the arrangements; and
 - (b) the notification that it does give must include the particulars specified in sub-paragraph (5)(a) to (d).
- (7) For the hub and spoke arrangements to be valid for the purposes of this paragraph and paragraphs 15ZB and 15ZC, they must have the following features:
- (a) they must provide, and ensure, that any prescription item that is assembled or part-assembled under the arrangements is supplied to or for the use of the patient for whom it is dispensed at or from the listed dispensing premises of the **dispensing doctor** (and so the arrangements must not allow the retail pharmacy business to fulfil the order directly);

- (b) in the case of an order for a medicine on a prescription form or **LPIV**, they must ensure that what is done, in the course of fulfilling the order, is done in a manner that ensures compliance with the requirements that are to be complied with for the supply from the retail pharmacy business to the **dispensing doctor** of the medicine to be treated as, or as part of, a retail sale in accordance with regulation 222A(2)(a) of the Human Medicines Regulations 2012⁶⁰ (assembly or part-assembly as part of “hub and spoke” dispensing arrangements between different businesses);
- (c) in the case of orders for prescription items that are not orders for medicines on a prescription form or a **LPIV** (“non-regulation-222A orders”):
 - (i) they must relate to fulfilling both orders for medicines on prescription forms and non-regulation-222A orders, and accordingly the **dispensing doctor** cannot only sub-contract to the retail pharmacy business core dispensing functions in respect of non-regulation-222A orders, and
 - (ii) they must ensure that what is done, in the course of fulfilling the non-regulation-222A order, is done in a manner that would ensure compliance with the requirements that would need to be complied with for the supply from the retail pharmacy business to the **dispensing doctor** of the prescription item, if it were instead of a medicine ordered on a prescription form or a **LPIV**, to be treated as, or as part of, a retail sale in accordance with regulation 222A(2)(a) of the Human Medicines Regulations 2012;
- (d) they must provide, and ensure, that the retail pharmacy business does not sub-contract any of the core dispensing functions that the retail pharmacy business performs on behalf of the **dispensing doctor**;
- (e) they must provide for the discontinuation of the arrangements, as set out in paragraph 15ZB (in addition to any patient safety or commercial grounds the **dispensing doctor** or the retail

⁶⁰ Inserted by [S.I. 2025/758](#).

pharmacy business may have for discontinuing the arrangements); and

- (f) they must not be or have become invalid by virtue of paragraph 15ZB.
- (8) If the **dispensing doctor** has hub and spoke arrangements in place, the **dispensing doctor** must also have in place business continuity arrangements which ensure that the **dispensing doctor** is able to meet all the **dispensing doctor**'s obligations to provide dispensing services in the event of any temporary or permanent discontinuation or disruption of the hub and spoke arrangements.
- (9) The **dispensing doctor** must give notice in writing to NHS England of any:
 - (a) temporary discontinuation of hub and spoke arrangements that amounts to a suspension of those arrangements; or
 - (b) permanent discontinuation of hub and spoke arrangements, either before that discontinuation occurs or as soon as is reasonably practicable after it occurs, unless it is in response to a notice of objection from NHS England.

Objection to and termination of hub and spoke arrangements

15ZB.

- (1) NHS England may at any time request from the **dispensing doctor** (as defined in paragraph 15ZA(3)) information relating to hub and spoke arrangements that is relevant to the termination criteria (whether or not the arrangements have commenced), and if NHS England makes such a request, the **dispensing doctor** must supply the requested information to NHS England promptly.
- (2) For the purposes of this paragraph, the termination criteria are:
 - (a) the hub and spoke arrangements do not have the features required by paragraph 15ZA(7), including where they have had them but they have lapsed;
 - (b) the hub and spoke arrangements have the features required by paragraph 15ZA(7) but there has been a breach of those requirements;

- (c) the hub and spoke arrangements put the safety of any persons to whom the **dispensing doctor** provides pharmaceutical services at serious risk;
 - (d) the hub and spoke arrangements put NHS England at risk of material financial loss;
 - (e) the hub and spoke arrangements have led to the **dispensing doctor** repeatedly breaching the **dispensing doctor's** terms of service, or to the **dispensing doctor** breaching its terms of service in circumstances where the **dispensing doctor** is likely to continue to do so repeatedly;
 - (f) The retail pharmacy business's (as defined in paragraph 15ZA(4)) fitness to carry out core dispensing functions is impaired; or
 - (g) in the opinion of NHS England, there are reasonable grounds for believing one or more of the termination criteria in paragraphs (a) to (f) are established.
- (3) NHS England may, after the commencement of hub and spoke arrangements, issue a notice of objection to the arrangements, based on one or more of the termination criteria, and if it does so:
 - (a) those arrangements become invalid on the termination date specified in the notice of objection; and
 - (b) The **dispensing doctor** must discontinue the arrangements on or by the date specified in the notice for their termination.
- (4) NHS England may withdraw a notice of objection issued under sub-paragraph (3), which has the effect of the arrangements to which the notice related no longer being invalid.
- (5) NHS England must, in a notice of objection, give its reasons for issuing the notice.
- (6) Subject to sub-paragraph (7), before issuing a notice of objection, NHS England must make every reasonable effort to communicate and co-operate with the **dispensing doctor** with a view to resolving the matter without the notice being issued.
- (7) Sub-paragraph (6) does not apply where NHS England is satisfied:

- (a) its concerns relate to a matter that has already been the subject of dispute resolution between NHS England and the **dispensing doctor** and there are no new issues of substance to delay issuing the notice; or
 - (b) that it is appropriate to proceed immediately to issuing a notice:
 - (i) to protect the safety of any persons to whom the **dispensing doctor** may provide pharmaceutical services, or
 - (ii) to protect NHS England from material financial loss.
- (8) After issuing a notice of objection, unless:
- (a) it was delayed by virtue of sub-paragraph (6); or
 - (b) NHS England is satisfied its concerns related to a matter that has already been the subject of dispute resolution between NHS England and the **dispensing doctor** and there are no new issues of substance to be resolved,

NHS England must, where requested to do so by the **dispensing doctor**, make every reasonable effort to communicate and co-operate with the **dispensing doctor** with a view to resolving the matter in a manner that may lead to the notice of objection being withdrawn.

Hub and spoke arrangements: sharing of “relevant data” between different businesses

15ZC.

- (1) This paragraph applies to “relevant data”, which is data that relates to a patient and which is shared for the purpose of fulfilling an order under hub and spoke arrangements (as defined in paragraph 15ZA(4)) which is a non-regulation-222A order (as defined in paragraph 15ZA(7)(c)).

⁶² Section 11 has been amended by [S.I. 2019/419](#)

- (6) For the purposes of sub-paragraph (2)(b)(ii), a professional obligation to a patient is to be regarded as such notwithstanding that discharging the obligation may:
 - (a) also be an obligation that arises in some other way (for example, arising from a duty of care); or
 - (b) be done by a person who is not a health care professional.
- (7) Sub-paragraphs (2) and (3) do not apply where, in reliance or purported reliance on valid hub and spoke arrangements, a person processes any data which relates to a patient but, in the course of the doing of anything that relates to the fulfilling of the order to which that data relates, there is a breach of:
 - (a) the requirements to be fulfilled if what is done is to be treated as part of valid hub and spoke arrangements; or
 - (b) a duty of confidentiality owed in respect of the data by a health care professional or under an enactment or rule of law as mentioned in sub-paragraph (5)(a).
- (8) Words and expressions used in both:

- 16B. If the **dispensing doctor** dispenses an electronic prescription, the **dispensing doctor** must send the form duly completed by or on behalf of the patient, if one is required under regulations 4(2)(b) or (3A) of the Charges

Regulations in respect of that electronic prescription (which may be the associated EPS token), to the **NHS BSA**.

Checks and records in the case of supply in accordance with a SSP

- 16C. In a case involving providing drugs or **appliances** in accordance with paragraph 14A, the references in paragraph 15 to a **prescription form** or **repeatable prescription** are to be construed as references to the prescription for product reimbursement purposes, as mentioned in paragraph 14A(b)(ii).

Provision of Scheduled drugs

17. The **dispensing doctor** must only provide for a patient any **Scheduled drug** if:
- (a) it is ordered as specified in paragraph 18 or 20; or
 - (b) in the case of a drug specified in Schedule 2 to the **Prescription of Drugs Regulations** (drugs, medicines and other substances that may be ordered only in certain circumstances), it is ordered in the circumstances prescribed in that Schedule.
18. A **Scheduled drug** that is a drug with an appropriate **non-proprietary name** may be provided in response to an order on a **prescription form** or **repeatable prescription** for a drug ("the prescribed drug") that is not a **Scheduled drug** but which has the same **non-proprietary name** as the **Scheduled drug** if:
- (a) the prescribed drug is ordered by that **non-proprietary name** or by its formula; and
 - (b) the prescribed drug has the same specification as the **Scheduled drug** (so the **Scheduled drug** may be dispensed generically).
19. If a **Scheduled drug** is a combination of more than one drug, it can only be ordered as specified in paragraph 18 if the combination has an appropriate

non-proprietary name, whether or not the drugs in the combination each have such names.

20. Nothing in paragraphs 5 to 19 and paragraphs 21 to 31 prevents the ***dispensing doctor*** from providing, otherwise than under pharmaceutical services, a ***Scheduled drug*** or a ***restricted availability appliance*** for a patient.

Refusal to provide drugs or *appliances* ordered

21. The ***dispensing doctor*** may refuse to provide the drugs or ***appliances*** ordered on a ***prescription form*** or ***repeatable prescription*** where:
- (a) the ***dispensing doctor*** reasonably believes that it is not a genuine order or valid request for the person named on the ***prescription form*** or the ***repeatable prescription*** (for example because the ***dispensing doctor*** reasonably believes it has been stolen or forged);
 - (b) it appears to the ***dispensing doctor*** that there is an error on the ***prescription form*** or on the ***repeatable prescription*** or, in the case of a ***non-electronic repeatable prescription***, its associated ***batch issue*** (including a clinical error made by the ***prescriber***) or that, in the circumstances, providing the drugs or ***appliances*** would be contrary to the ***dispensing doctor's*** clinical judgement; or
 - (c) where the ***prescription form*** or ***repeatable prescription*** is incomplete because it does not include the information relating to the identification of the ***prescriber*** that NHS England (or the person exercising its functions) requires in order to perform its functions relating to:
 - (i) the remuneration of persons providing pharmaceutical services, and
 - (ii) any apportionment of, or any arrangements for recharging in respect of, that remuneration,

- unless the **dispensing doctor** (or the person who employs or engages the **dispensing doctor**) is to receive no pharmaceutical remuneration of any kind in respect of the drug or **appliance**.
- 21A. The **dispensing doctor** may refuse to provide a drug or appliance ordered on an electronic prescription if the access that the **dispensing doctor** has to the Electronic Prescription Service is not such as to enable the **dispensing doctor** to dispense that prescription promptly (or at all).
22. The **dispensing doctor** must refuse to provide drugs or **appliances** ordered on a **repeatable prescription** where:
- (a) the **dispensing doctor** has no record of that prescription;
 - (b) the **dispensing doctor** does not, in the case of a **non-electronic repeatable prescription**, have any associated **batch issue** and it is not presented to the **dispensing doctor**;
 - (c) it is not signed by a **prescriber**;
 - (d) to do so would not be in accordance with any intervals specified in the prescription;
 - (e) it would be the first time a drug or appliance had been provided pursuant to the prescription and the prescription was signed (whether electronically or otherwise) more than 6 months previously;
 - (f) the **repeatable prescription** was signed (whether electronically or otherwise) more than one year previously;
 - (g) the expiry date on the **repeatable prescription** has passed; or
 - (h) the **dispensing doctor** has been informed by the **prescriber** that the prescription is no longer required.
23. Where a patient requests the supply of drugs or **appliances** ordered on a **repeatable prescription** (other than on the first occasion that the patient makes such a request), the **dispensing doctor** must only provide the drugs or **appliances** ordered if the **dispensing doctor** is satisfied that the patient to whom the prescription relates:

- (a) is taking or using, and is likely to continue to take or use, the drug or **appliance** appropriately; and
 - (b) is not suffering from any side effects of the treatment which indicates the need or desirability of reviewing the patient's treatment,and that the conditions in paragraph 24 are also satisfied.
- 24. The conditions referred to in paragraph 23 with which the dispensing doctor must be satisfied are:
 - (a) that the medication regimen of the patient to whom the prescription relates has not altered in a way which indicates the need or desirability of reviewing the patient's treatment; and
 - (b) there have been no changes to the health of the patient to whom the prescription relates which indicate the need or desirability of reviewing the patient's treatment.
- 24A. The **dispensing doctor** must refuse to provide a drug or **appliance** ordered on a **prescription form** or a **repeatable prescription** where:
 - (a) a **SSP** has effect in respect of:
 - (i) the requested drug or **appliance**; or
 - (ii) drugs or **appliances** of a specified description, and the requested drug or **appliance** is of that description; and
 - (b) alternative provision has already taken place in accordance with the **SSP**.
- 24B. The **dispensing doctor** may refuse to fulfil an order or a request for a drug that is or is purportedly in accordance with a **LPIV**, a **PTP** or a **PTPGD** where:
 - (a) The **dispensing doctor** reasonably believes it is not a genuine order for the person who requests, or on whose behalf is requested, the provision of the drug;
 - (b) providing it would be contrary to the **dispensing doctor's** clinical judgement;
 - (c) the **dispensing doctor** or other persons are subjected to or threatened with violence by the person who requests the provision of the drug, or by any person accompanying that person; or
 - (d) the person who requests the provision of the drug, or any person accompanying that person, commits or threatens to commit a criminal offence.

- 24C. The **dispensing doctor** must refuse to provide, pursuant to a **LPIV**, a **PTP** or a **PTPGD**, an order or a request for a drug that is or is purportedly in accordance with the **LPIV**, the **PTP** or **PTPGD** where the **dispensing doctor** is not satisfied that it is in accordance with the **LPIV**, the **PTP** or **PTPGD**.
- 24D. The **dispensing doctor** may refuse to provide a prescription item ordered on a **prescription form** or **repeatable prescription** where:
- (a) more than one prescription item has been ordered on the **prescription form** or **repeatable prescription**;
 - (b) at least one of those prescription items is a **listed HRT prescription item** and at least one of those prescription items is not; and
 - (c) the person named on the **prescription form** or **repeatable prescription** is claiming entitlement to exemption under regulation 10(1)(j) of the Charges Regulations (exemptions) in respect of any of those prescription items which is a **listed HRT prescription item**.

For the purposes of this paragraph, “listed HRT prescription item” is to be construed in accordance with regulation 17A(1)(a) of the National Health Service (Charges for Drugs and Appliances) Regulations 2015, read with regulation 17A(7) of those Regulations.

Dispensing doctors issuing prescription forms which may be presented to an NHS chemist

25. Notwithstanding the existence of arrangements under which the **dispensing doctor** is to provide pharmaceutical services to a patient, if the **dispensing doctor** determines that the patient requires a drug or **appliance** that is available on prescription from an **NHS chemist**:
- (a) the **dispensing doctor** may with the agreement of the patient issue;
or
 - (b) if the patient so requests, the **dispensing doctor** must not unreasonably refrain from issuing,

a **prescription form** that the patient may present to any **NHS chemist** instead of the **dispensing doctor** supplying that drug or **appliance** to the patient.

Home delivery service while a disease is or in anticipation of a disease being imminently pandemic etc.

- 25A. (a) Before dispensing any item on a **prescription form** or supplying it in accordance with a **SSP**, the **dispensing doctor** must provide a home

delivery option to eligible patients in respect of the item where, as a consequence of a disease being or in anticipation of a disease being imminently:

- (i) pandemic; and
- (ii) a serious risk or potentially a serious risk to human health;

NHS England with the agreement of the Secretary of State has made an announcement to the effect that, in order to assist in the management of the serious risk or potentially serious risk to human health, eligible patients are advised to stay away from listed dispensing premises in the area specified, in the circumstances specified and for the duration of the period specified in the announcement.

- (b) If the **dispensing doctor's** listed dispensing premises are in the area specified in the announcement, during the period when, in the circumstances specified in the announcement, eligible patients need to stay away from the **dispensing doctor's** premises, the **dispensing doctor** must ascertain from:

- (i) an eligible patient:
 - (aa) who has contacted the **dispensing doctor** about the home delivery of prescription items; or
 - (bb) who is a person whom the **dispensing doctor** considered, on the basis of the nature of an item on a **prescription form**, might be an eligible person and accordingly, in the ordinary exercise of professional skill and judgement, made the appropriate checks and determined that they were; or
- (ii) a person who may make an application for pharmaceutical services on behalf of that eligible patient (a "duly authorised person") who has contacted the **dispensing doctor** about the home delivery of prescription items;

whether or not the item could be supplied by a duly authorised person, and if it could, then supplying the item via a duly authorised person is the home delivery option which the **dispensing doctor** must provide.

- (c) Where paragraph (b) does not apply, if the **dispensing doctor's** listed dispensing premises are in the area specified in the announcement, during the period when, in the circumstances specified in the announcement, eligible patients need to stay away from **dispensing doctor's** premises, the home delivery option that P must provide must comprise:

- (i) the **dispensing doctor** delivering the item to the eligible patient's home or to an alternative address agreed with the patient or a duly authorised person (for example, a care home where the patient is temporarily residing);
- (ii) the **dispensing doctor** arranging for an item dispensed by the **dispensing doctor** to be delivered by another **dispensing**

doctor, or by an **NHS pharmacist** or an **LPS contractor**, to the eligible patient's home or to an alternative address agreed with the patient or a duly authorised person; or

- (iii) if the **dispensing doctor** is unable to deliver the item or arrange for its delivery by another **dispensing doctor**, or by an **NHS pharmacist** or by an **LPS contractor**, the **dispensing doctor** arranging for the dispensing or supply of the item by another **dispensing doctor**, or by an **NHS pharmacist** or an **LPS contractor**, who would be able to deliver the dispensed item to the eligible patient's home or to an alternative address agreed with the patient or a duly authorised person.
- (d) Paragraph (a) does not apply where the eligible patient or a duly authorised person is already at the **dispensing doctor's** listed dispensing premises for the purposes of receiving dispensing services.
- (e) Notwithstanding the foregoing provisions of this Schedule, in any case of a supply in accordance with a home delivery option, if but for this sub-paragraph that supply would need to be made with reasonable promptness, the **dispensing doctor** may instead, in the exercise of professional skill and judgment, make the supply within a reasonable timescale.
- (f) For the purposes of paragraphs 25A and 25AA, an "LPS contractor" means a person who is an **LPS chemist** by virtue of being a party to an **LPS scheme** which is not an **LPS pilot scheme**.

Home delivery of notified items while a disease is or in anticipation of a disease being imminently pandemic etc.

- 25AA (a) Before dispensing a notified item on a **prescription form** or supplying it in accordance with an **SSP**, a **PTP** or a **PTPGD**, the **dispensing doctor** must provide a home delivery option to eligible patients in respect of that item.
- (b) For the purposes of this paragraph, a "notified item" is an item that, as a consequence of a disease being or in anticipation of a disease being imminently:
- (i) pandemic; and
 - (ii) a serious risk or potentially a serious risk to human health, is the subject of an announcement made by NHE England, with the agreement of the Secretary of State, to the effect that, in order to assist in the management of the serious risk or potentially serious risk to human health, eligible patients are entitled to be provided with a home delivery option in respect of that item, if it is supplied to them as part of pharmaceutical services.
- (c) Where the **dispensing doctor** is to, or may be required to, dispense a notified item on a **prescription form** or supply it in accordance with an **SSP**, a **PTP** or a **PTPGD**, the **dispensing doctor** must ascertain from:

- (i) an eligible patient:
 - (aa) who has contacted the **dispensing doctor** about the home delivery of a notified item, or
 - (bb) who is a person whom the **dispensing doctor** considered, on the basis of an order or request for a notifiable item, might be an eligible person and accordingly, in the ordinary exercise of professional skill and judgement, made the appropriate checks and determined that they were; or
 - (ii) a person who may make an application for pharmaceutical services on behalf of that eligible patient (a “duly authorised person”) who has contacted the **dispensing doctor** about the home delivery of a notified item, whether or not the item could be supplied via a duly authorised person, and if it could, then supplying the item via a duly authorised person is the home delivery option which the **dispensing doctor** must provide.
- (d) Where paragraph (c) does not apply, the home delivery option that the **dispensing doctor** must provide must comprise:
- (i) the **dispensing doctor** delivering the item to the eligible patient’s home or to an alternative address agreed with the patient or a duly authorised person (for example, a care home where the patient is temporarily residing);
 - (ii) the **dispensing doctor** arranging for an item dispensed by the **dispensing doctor** to be delivered by another **dispensing doctor**, or by an **NHS pharmacist** or an **LPS contractor**, to the eligible patient’s home or to an alternative address agreed with the patient or a duly authorised person; or
 - (iii) if the **dispensing doctor** is unable to deliver the item or arrange for its delivery by another dispensing doctor, or by an **NHS pharmacist** or an **LPS contractor**, the **dispensing doctor** arranging for the dispensing or supply of the item by another **dispensing doctor**, or by an **NHS pharmacist** or an **LPS contractor**, who would be able to deliver the item to the eligible patient’s home or to an alternative address agreed with the patient or a duly authorised person.
- (e) Paragraph (a) does not apply where the eligible patient or a duly authorised person is already at the **dispensing doctor’s** listed dispensing premises for the purposes of being supplied with the notifiable item.
- (f) Notwithstanding the foregoing provisions of this Schedule, in any case of a supply in accordance with a home delivery option, if but for this sub-paragraph that supply would need to be made with reasonable promptness, the **dispensing doctor** may instead, in the exercise of professional skill and judgment, make the supply within a reasonable timescale.

Complaints procedures

26. The complaints procedure established in accordance with Part 24 is also to apply in relation to a complaint about any matter reasonably connected with the provision of pharmaceutical services by the Contractor or individual.

Inspections and access to information

27. In addition to the requirements relating to inspections and access to information in Part 16, the **dispensing doctor** must allow persons authorised in writing by NHS England to enter and inspect any premises the **dispensing doctor** uses for the provision of pharmaceutical services at any reasonable time, for the purposes of:

- (a) ascertaining whether or not the **dispensing doctor** is complying with the requirements of paragraphs 5 to 31;
- (b) auditing, monitoring and analysing:
 - (i) the provision made by the **dispensing doctor**, in the course of providing pharmaceutical services, for patient care and treatment; and
 - (ii) the management by the **dispensing doctor** of the pharmaceutical services the **dispensing doctor** provides,

where the conditions in paragraph 28 are satisfied.

28. The conditions referred to in paragraph 27 are that:
- (a) reasonable notice of the intended entry has been given;
 - (b) the Local Medical Committee for the area where the premises are situated have been invited to be present at the inspection, where this is requested by the **dispensing doctor**;
 - (c) the person authorised in writing carries written evidence of their authorisation, which they must produce on request; and

- (d) the person authorised in writing does not enter any part of the premises used solely as residential accommodation without the consent of the resident.
29. The ***dispensing doctor*** must, at the request of NHS England or the person authorised in writing, allow NHS England or that authorised person access to any information which either reasonably requires:
- (a) for the purposes mentioned in paragraph 27; or
 - (b) in the case of NHS England, in connection with its functions that relate to pharmaceutical services.

Voluntary closure of premises

30. Where the ***dispensing doctor*** wishes:
- (a) to withdraw from a ***dispensing doctor list***; or
 - (b) except in the circumstances described in paragraph 31, for particular listed dispensing premises no longer to be listed in relation to the ***dispensing doctor***,
- the ***dispensing doctor*** must notify NHS England of that wish at least 3 months in advance of the date on which pharmaceutical services are no longer to be provided, unless it is impracticable for the ***dispensing doctor*** to do so, in which case the ***dispensing doctor*** must notify NHS England as soon as it is practicable.
31. If particular listed dispensing premises no longer need to be listed in relation to the ***dispensing doctor*** as a consequence of a relocation application under regulation 55 of the Pharmaceutical Regulations, before the date on which the ***dispensing doctor*** commences the provision of pharmaceutical services at the new premises, the ***dispensing doctor*** must give notice to NHS England of when, before that date, the ***dispensing doctor*** is to cease to provide pharmaceutical services at the existing premises.
